General Education Requirements

Multiple sections of most general education courses are offered during the summer. Check the online schedule at www.odessa.edu for the exact offerings of these courses. Please visit with Steve for any questions about registration, selection of courses or general education courses required for certificates, the AAS degree or for personal enrichment.

Please note that registration requires approval for both summer classes. Anyone must have our digital photography course as a prerequisite or Photo Department Chair approval. Registration can not be done online, it will require in person registration on our campus. To request permission to enroll in our summer courses, please email Steve Goff at sgoff@odessa.edu

Fall 2011 Schedule of Courses

Advanced Registration

Online registration begins Monday, April 18. In person registration is April 18 to August 20. Early registration assures the best selections of classes and guarantees a spot in the course. When your registration is processed, you will get a copy of your schedule and the bill for your tuition. Payment date will be noted on your bill. If you do not pay by then, you will be dropped from the computer and will have to register right before the semester begins. Below you will find class selections for the photo major with the schedule of general education requirements. Many students elect to take general education courses during the midwinter or summer to lighten their course load during the fall and spring semesters. Students are encouraged to stay within their degree plan or discuss alternatives with Steve.
