# Business, Press & Event Photography

*The world is full of events. Event Gallery is a window within which events take place...*

## Events:

Event Gallery has been adding value to corporate events for years. We provide a professional service with the ability to deliver fine mementos of the event, at the event!

## Corporate:

Event Gallery is able to identify with the needs of businesses at every level. Whether it's commercial creative for an SME, a set of **product shots** for a restaurant or retailer, or planning and delivering strategic **brochure photography** for a leading brand, Event Gallery has the expertise to identify and deliver creative solutions.

As markets become increasingly competitive and audiences ever more visually literate, the right choice of images is increasingly critical to best represent a company, its people, products and services.

## Public Relations:

Event Gallery understands Public Relations and has experience of working direct with clients and agencies in developing effective news stories that have been reinforced with strong, photographic support. Event Gallery can provide advice on the stories and images that are most likely to provide news coverage.

Event Gallery can respond to a range of editorial and feature requests – having its own in-house network of creative photographers it can provide individual styles that compliment **Fashion, Portraiture, Studio Work, Events, and reportage.**

## Press:

More and more newspaper groups are centralising their regional operations so the demand for regional freelance photographers and Journalists is on the increase. Having a strong understanding of the needs and the creative style of national and local press is crucial. Event Gallery has expertise in this area and a network of Photographers located near to where it's all happening.

**Event Gallery news and features desk is on call 24 hours a day.**
