## How to buy

**Visit us online.** Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk.

[www.hp.com/go/smbstore](http://www.hp.com/go/smbstore)

**Order by phone.** A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293.

**Contact your reseller.** You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

**Buy direct with reseller support.** HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

**HP Public Sector.** For HP Public Sector sales information, please call 1-800-727-2472.

## Get more value from HP

### And really get somewhere

HP helps you get more from technology—from the start and over time. You'll have easier connections to the expertise you need. Easier access to reliable products and solutions. And easier ways to own and use technology. Unhampered by technology complexity, you'll have the time and energy to keep your business humming. With HP, you get more, so you can do more every day.

### Get more know-how, now

HP helps you make the right technology choices with easier connections to experienced and knowledgeable resources.

- **Live HP expertise.** Whether you have product questions before you buy or technical questions after, the answers are just a phone call or mouse click away. See the **HP Resource Directory** on the back cover of this guide for a list of HP telephone and web resources.
- **HP expertise centers.** Need help choosing solutions for your business or solving business problems? Access a variety of online tools, Live Chat capabilities, consultative services (phone or in-person) and educational resources. HP's Printing and Imaging Expertise Center points you in the right direction at [www.hp.com/go/expertise](http://www.hp.com/go/expertise).

### Get more reliability, to do the job right

Backed by two decades of experience, innovation, and research and development, the products in this guide offer HP's legendary performance and reliability.

- **World-class, affordable products.** From color and black-and-white printers and all-in-one products to digital cameras and projectors to handheld devices and DVD writers, HP has the depth of selection you need to get the right products for your unique needs. Use this guide to help you narrow the choices, then browse the many additional products and features you'll find online at [www.hp.com/go/smb](http://www.hp.com/go/smb).

- **Wide array of solutions and technologies.** Whatever your business, HP technologies can help increase your productivity, lower costs and reduce risks. And HP solutions are designed to integrate easily and securely with your existing IT investments, so you can focus on the profit-making activities that move your business forward. For details, visit [www.hp.com/go/solution](http://www.hp.com/go/solution).

### Get more support, the smart way

HP helps you stay on top of your technology investment with a portfolio of service and support offerings that provide fast resolution should a problem ever occur.

- **HP Care Pack services.** Make the most of your equipment investments with these easy-to-buy, easy-to-use packages that minimize printer downtime. Contact your HP reseller partner, or visit [www.hp.com/hps/carepack/print](http://www.hp.com/hps/carepack/print) for details.
- **eSupport.** These easy-to-use web-based capabilities speed problem resolution, which translates into faster service and lower support costs. Visit the support and driver center online at [www.hp.com/go/printersupport](http://www.hp.com/go/printersupport) for details.

## Get more information resources, for a smart buy

HP makes it easier for you to evaluate, acquire, manage and retire the HP solutions that support your business.

- **Help me choose a printer.** Use this online tool to find the model that best matches your usage needs or your feature specifications. Go to [www.hp.com/go/choose](http://www.hp.com/go/choose).
- **Printer replacement finder.** Select the models you currently own from this online list and you'll get the latest recommendations on replacement models that are just right for you. Go to [www.hp.com/smb/productreplacement](http://www.hp.com/smb/productreplacement).
- **Self-assessment.** See how you can increase productivity and save operational costs. Check out our free Self-assessment tool at [www.hp.com/go/assessment](http://www.hp.com/go/assessment).
- **Upgrade for instant savings and return on investment.** Buy a new HP printer and you may save enough in power, consumables and support to pay for your upgrade, including operational costs. Visit [www.hp.com/go/InstantROI](http://www.hp.com/go/InstantROI) to see how potential cost savings are calculated.
- **Hot deals and other special offers.** Save more on your technology purchases with specials from HP, including limited-time instant savings special offers on selected products. Visit [www.hp.com/go/specials](http://www.hp.com/go/specials).
- **HP Smart Finance programs.** This suite of lifecycle financial programs can be tailored for your business needs. Visit [www.hp.com/go/hpfinancialservices](http://www.hp.com/go/hpfinancialservices).
- **HP Trade-In program.** Trade any product, any brand and get paid the fair market value for your aging technology. To learn more, visit [www.hp.com/go/tradein](http://www.hp.com/go/tradein).

With HP, you'll have more time to get more done, so you can really get somewhere: ahead.

## Award-winning performance from HP

Value. Performance. Versatility. HP offers all of this and more in its award-winning product line. It's this commitment to overall excellence that has always driven and defined HP. And it's this same commitment that has continually earned us awards throughout the industry. Like our renowned line of printers, winners of *PC Magazine* Readers' Choice Award for service and reliability for 14 years in a row. Of course, HP also makes it easy to own and use our award-winning line of products. With HP, you get more, so you can do more.

## Put affordable HP color to work for you

The question for most businesses today is not whether to incorporate color, but when and how. Research shows that printing with color:

- Increases comprehension by up to 73%<sup>1</sup>
- Raises readership by up to 40%<sup>2</sup>
- Accelerates learning by up to 78%<sup>3</sup>

When you add color to the functionality of your office printers, you can make big gains in effectiveness with relatively small increases in purchase and operating costs.

## How much could your business save on marketing?

Printing in-house with HP color could help your business:

- Control marketing costs
- Take advantage of timely opportunities
- Decrease waste and storage by updating and printing only what you need
- Personalize materials for sophisticated one-on-one marketing

Use the free print-cost calculator to see how much money you could save by using in-house color printing, or get help creating your own marketing materials. Visit [www.hp.com/go/DoItYourself2](http://www.hp.com/go/DoItYourself2).

## An HP All-in-One multitasks, just like you.

An All-in-One from HP is perfect for a small office or personal use. Most All-in-Ones combine color printing, scanning, faxing and copying into one compact design. They cost less than several standalone devices, take up less space and use less energy than separate units. They're also simple to install and connect to your PC or Mac, making them easy for anyone to set up.

# HP Large-Format Printers

(110plus shown)

(24-in w/printer stand/  
media bin shown)

## HP Designjet 70

Fast printing up to C-size in full color—for technical, business and education professionals.

## HP Designjet 90 Series

A professional C-size graphics printer that delivers predictable color and optimal image quality.

## HP Designjet 110plus Series

Affordable multi-format printer that handles a wide range of sizes.

## HP Designjet 130 Series

Six-color, multi-format graphics printing system for fade-resistant photo-quality images up to 24 inches wide.

## HP Designjet 500

Affordable, large-format printing for technical and business users.

# HP Digital Presses

## HP Indigo Press 1050

Uncompromising image quality, designed for moderate production of on-demand and personalized offset digital printing.

## HP Indigo Press 3050

Low risk, productive solution for short-run, quick turnaround printing with print quality that rivals offset printing.

## HP Indigo Press w3250

Highest productivity web-fed digital press solution combines the quality and speed of offset with the intelligence of digital printing for longer job runs.

## HP Indigo Press 5000

Designed for the commercial printer. High productivity and easy operation provide excellent ROI, highest quality output and flexibility.

## HP Indigo Press s2000

Digital offset color press for specialty printers—full color graphics on plastic in a single pass.

**New HP Scanjet G4050**

Scan even more slides and negatives, plus get superior color accuracy with 6-color, 96-bit scanning.

**HP Scanjet 5590**

Two-sided scanning with automatic document feeder and transparent materials adapter for scanning 35 mm slides.

**HP Scanjet N6010**

Increase productivity with fast, unattended document scanning at up to 18 ppm (36 ipm).

**HP Scanjet 7650**

Fast scans at up to 12 ppm unattended; two-sided scanning with automatic document feeder.

**HP Scanjet 7800**

Easily scan up to 50 ipm (25 ppm) using a small, powerful and programmable document scanner.

**HP Scanjet 8270**

Perform fast document scanning at up to 25 ppm with this reliable, easy-to-use scanner.

### Cut the cables—go wireless.

HP wireless print servers are an easy and cost-effective way for multiple users to share a printer. They can help home users or small businesses conveniently share a broad range of HP peripherals on a network. They offer easy installation, configuration and management of HP peripherals for simple connectivity.

## HP Print Servers/Networking

(635n shown)

(510x shown)

### HP Jetdirect Internal Print Servers

Connects EIO-based HP peripherals to Gigabit Ethernet, Fast Ethernet and Ethernet.

### HP Jetdirect External Print Servers

Connects up to three printers to Fast Ethernet and Ethernet networks.

### Capella Technologies MegaTrack Job Accounting

Monitor, track, and report all printer and copier related actions and costs.

#### Specifications

##### Overview

Software to optimize device usage and associated costs. Helps determine asset utilization and deployment, effectively reducing IT training, support, and driver management time.

##### MegaTrack Modules

The MegaTrack Print Server (MPS) tracks all printed jobs and sends this information to the database. It must always be installed on a Windows print server. The MegaTrack Database Server (MDS) manages the database where the information collected by the MPS is stored. The MegaTrack Web Server (MWS) manages the MegaTrack Web site, which is used as interface by the application.

##### Hardware

MegaTrack supports any printer brands and models setup on the Windows print servers. Information detected by MegaTrack may vary.

##### Drivers

PCL 3 to PCL 5e, PCL XL/6, PostScript® Level 3

##### Port Monitors

All standard TCP/IP and LPR monitors

##### Estimated U.S. street price

--------------------	--

**HP Universal Print Driver 3.0**

Reduce the amount of time your IT team spends testing, deploying and supporting print drivers.

**Specifications**

<b>Overview</b>	Simplify printing. Save IT time. Cut down on calls to the help desk. HP Universal Print Driver Series for Windows replaces individual drivers with a single, intelligent driver for networked HP printers. They feature a common interface and real-time access to print features, job status and device status, so users can operate them easily and solve basic problems on their own. This reduces the need for help-desk intervention and allows IT staff to spend less time testing, deploying and supporting drivers.
<b>Compatibility</b>	Supports Windows 2000, XP, XP Professional x64 and 2003 Server (32/64 bit); for Windows 98, ME and NT 4.0 support, use the HP Mobile Printing for Notebooks driver
<b>Size</b>	14 MB
<b>Estimated U.S. street price</b>	J7981AA and J7980AA: Free download at <a href="http://www.hp.com/go/universalprintdriver">www.hp.com/go/universalprintdriver</a>

**HP Web Jetadmin 8.1**

Install, configure and manage printing and imaging devices from anywhere on the network.

**Specifications**

<b>NOS support</b>	Microsoft Windows 2000 Professional, Server, or Advanced Server (with service pack 4), XP Professional (with service pack 2), Server 2003; Fedora Core 5; SuSE Linux 10.1 Professional
<b>Supported web browsers</b>	Microsoft Internet Explorer 6.0, 7.0 (Windows only); Mozilla Firefox 1.5 (Linux only); Sun JRE (Java Runtime Environment) 1.5.0_07
<b>Protocols supported</b>	TCP/IP, IPX/SPX
<b>Peripherals supported</b>	HP Web Jetadmin supports HP and non-HP printers connected through HP Jetdirect print servers and standard printer MIB-compliant third-party network connected printers. The capabilities available for third-party printers will vary from basic to more robust.
<b>System requirements</b>	PC with 2.4 Ghz processor, 512 MB RAM, 100 MB available disk space
<b>Estimated U.S. street price</b>	J6052AA: Free by downloading from <a href="http://www.hp.com/go/webjetadmin">www.hp.com/go/webjetadmin</a>

## HP Supplies

There's no question—HP supplies drive the technology of HP printing. HP printers, print cartridges and paper are designed as a single printing system, precisely engineered for exceptional print quality, rock-solid reliability and fast, efficient operation—page after page.

Not all supplies are created equal. The crisp, vibrant printing by HP inkjet printers is the result of engineering advancements from the world's leading inventor of ink. And every HP LaserJet cartridge is specially designed and custom engineered to work flawlessly with HP LaserJet printers for clear, sharp output for the life of the cartridge. Every HP print cartridge goes through rigorous testing to ensure you get the quality HP printing you expect.

The only way to get HP-quality printing is to use genuine HP supplies. Consider the long-term value of your purchase decisions and count on genuine HP inks, toner and printing materials for unsurpassed reliability.

All of the HP supplies featured in this guide offer the assurance of HP quality and reliability, as well as complete compatibility with HP peripherals. The tables that follow make it easy to choose the right HP supply, whatever your needs.

## HP SureSupply

HP SureSupply is a free, easy-to-use tool for smarter, simpler online print supply ordering. To learn more, visit [www.hp.com/go/SureSupply](http://www.hp.com/go/SureSupply) for a demonstration of how it can work for you. And never run out of ink or toner again.

# HP Trade-In Program

## Trade any product, any brand

The HP Trade-In program is a simple, seamless way for you to upgrade to HP products and get paid the current fair market value for your aging technology.

- Gives instant online quotes for trade-in values
- Spans every product category
- Allows trading of any combination, any quantity, or any brand of products
- Eliminates the hassles and costs of old technology disposal by simplifying the shipping process
- Accommodates large quantity trades

## Additional features

Beyond the ongoing program, we also offer enhanced, time-sensitive promotions as further incentive to upgrade to HP technology.

Because the HP Trade-In program allows you to trade any quantity, we have a dedicated team to help manage the trade-in process for our large corporate customers whose needs include extended rollouts that may span multiple locations.

To learn more about the HP Trade-In program, visit: [www.hp.com/go/tradein](http://www.hp.com/go/tradein) or call us at 1-888-593-3835.

## Reseller friendly

HP resellers can also leverage the program to help their customers upgrade to new HP products. If you are a reseller who would like to learn more about this option, look for us in the programs section at: [www.hp.com/partners/us](http://www.hp.com/partners/us).

## HP Exchange/Sale: the Trade-In program for public sector

To learn more about this new GSA-compliant program created specifically for federal, state, local, or educational organizations that can't accept back-end rebates, visit: [www.hp.com/go/exchangesale](http://www.hp.com/go/exchangesale).

# What's in a name?

To help make it easier for customers to select the HP product that best suits their needs, HP is changing its naming and model numbering system for imaging and printing products.

Taking a descriptive and straightforward approach to naming, the HP naming architecture follows a basic hierarchy that begins with the master brand, followed by a sub-brand or family name, model number, modifier and descriptor.

## The model number

HP imaging and printing products now include one or two lead alphas in the model number. Although some lead alphas are abbreviations of product categories, most lead alphas have simply been assigned to a particular product category and sub-brand. The assigned numerals represent functionality, while trailing alphas in the model number indicate product features not found in the base model.

### Examples:

- HP Deskjet F3180 Color All-in-One
- HP LaserJet M4025 Multifunction

Master Brand	Sub-brand	Model Number	Modifier	Descriptor
HP	Deskjet	F3180	Color	All-in-One
HP	LaserJet	M4025		Multifunction

## HP IPG—Trailing alphas

<b>a</b> Warranty (for regional use)	<b>r</b> Folder
<b>b</b> Battery	<b>s</b> Stacker
<b>bm</b> Bookmaker	<b>sk</b> Stapler and stacker
<b>bt</b> Bluetooth	<b>t</b> Extra tray

## How to buy

### Visit us online

Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk.

[www.hp.com/go/smbstore](http://www.hp.com/go/smbstore)

### Order by phone

A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293

### Contact your reseller

You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

### Buy direct with reseller support

HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

### HP Public Sector

For HP public sector sales information, please call 1-800-727-2472.

To order additional copies or download this bimonthly HP Selection Guide, visit [www.hp.com/go/SelectionGuide](http://www.hp.com/go/SelectionGuide).
